

Call for Participation

We invite you to join us in **18th International Conference on Network and Communications Security (NCS 2026)**

This conference is a shift away from the traditional client-server model to systems based on the peer-to peer network, which allows users share resources effectively. Also, due to increase in number of Internet applications & users, the security issues and pivotal challenges include integrity verification, authentication, and access control etc., are also increasing. As a consequence, the subject of security protection in Network & Communication area has attracted intensive research activities in academia and industry. With the recent advances in Communication & network technology, the applications in commercial security scenario become increasing essential.

Highlights of NCS 2026 include:

- 13th International Conference on Signal, Image Processing and Multimedia (SPM 2026)
- 13th International Conference on Computer Science, Engineering and Information Technology (CSEIT 2026)
- 18th International Conference on Networks & Communications (NeTCoM 2026)
- 18th International Conference on Wireless & Mobile Networks (WiMoNe 2026)
- 8th International Conference on Machine Learning & Applications (CMLA 2026)
- 7th International Conference on Data Mining and Software Engineering (DMSE 2026)
- 7th International Conference on NLP & Big Data (NLPD 2026)
- 7th International Conference on AI, Machine Learning and Deep Learning (AIML DL 2026)
- 8th International Conference on Internet of Things (CIoT 2026)
- 18th International Conference on Applications of Graph Theory in Wireless Ad hoc Networks and Sensor Networks (GRAPH-HOC 2026)
